Our Mission:
To promote lifelong opportunities for enhanced quality of life for individuals with cerebral palsy and other significant disabilities throughout New York State.
Cerebral Palsy Associations of NYS (CP of NYS), was founded sixty years ago by the families of children with cerebral palsy, and is a leader in the care and treatment of people with many different types of disabilities. Together, our 24 Affiliates have over 18,000 employees and provide services to more than 100,000 people with disabilities and their families all across New York State.

CP of NYS advocates on behalf of our Affiliates, the people they serve and their families. We work with the State of New York to enhance the quality of life for people with disabilities and their families. Our Affiliates provide a wide variety of programs, including:

- Community Living Opportunities;
- Clinical Health Services;
- Day Habilitation, Day Treatment Programs and Supported Employment Programs;
- Early Intervention, Preschool and School Age Special Education; and
- a variety of Family Support Services which help thousands of families care for a family member with a disability.

CP of NYS offers technical assistance, sponsors statewide meetings, provides opportunities for information-sharing and networking among Affiliate Executive Directors and staff, and works to ensure that state public policy positively impacts the lives of children and adults with disabilities.

Additionally, CP of NYS and the New York State Elks Association have worked together for almost 50 years to provide direct services in communities around the state through the Home Service Program. Today, there are 27 Home Service Directors who travel thousands of miles through every county in the state providing referral for appropriate evaluation and service, advocacy, counseling, follow-up, and program development for thousands of people with disabilities. The Elks have been an active partner, contributing well over $20 million dollars since the program’s inception.
